# BETA i

## ULTRA HIGH GLOSS POLISHING POWDER

Size	M.R.P.	Pcs per box
1 kg	Rs. 3999	12
5 kg	Rs. 15975	1

StoneBros® BETA i protects calcareous natural stone floors (e.g. marble, travertine, jura, limestone) and achieves a mirror-like shine.

It provides the highest shine for dull, traffic-worn marble and other calcareous stone floors.

It reduces water penetrability thus facilitating daily cleaning.

- Marble shiner and crystallizer
- Italian & Indian marble polishing powder

### INSTRUCTIONS:

**PREPARATION OF THE FLOOR:** Dry vacuum or damp mop the floor, if necessary, deep clean with BETA A. Cover adjoining non calcareous stone surfaces and any furniture.

**PREPARE A PASTE OF StoneBros® BETA i WITH WATER** in 1 : 1 ratio.

**CRYSTALLIZATION:** Moisten or wet the surface before starting. Apply paste in parallel lances. Massage the paste into the stone with a single disc machine, equipped with a red polyester pad.

**RINSING:** After crystallization rinse the floor with BETA A and rinse again with water and vacuum soiled solution each time (if necessary, rinse the floor a third time). Buff the entire surface with a high-speed single disc machine equipped with a white pad.

# **BETA i3**

## **ITALIAN MARBLE POLISHING POWDER**

StoneBros® BETA i3 Marble Polishing Powder helps you to restore the gloss to marble floors and surfaces. It is a high-tech solution and delivers a wet and glossy look to the application area.

You can use this product to polish marble, travertine and limestone surfaces. And wet method is the most preferred method since most stones respond to this product best when they are wet. All you need to do is to sprinkle a small amount of the powder on the dull area only and then spray with water in order to achieve a paste-like solution. Think of it as a kind of toothpaste; it should not be too runny or too thick. Just make sure that you use a sufficient amount of water.

Size	M.R.P.	Pcs per box
1 kg	Rs. 2499	8
5 kg	Rs. 11999	1

# PROTEGO<sup>ECO</sup>

**Gives Excellent  
Water Beading**

**Oleophobic &  
Hydrophobic Sealer**

Stonebros® Protego ECO Oleophobic and Hydrophobic Sealer is a ready-to-use, weather resistant and non-yellowing impregnating sealer based on high-quality organic active substances that lasts for years. The product is absorbed by the stone due to the capillary forces, however, without closing the pores, therefore the product is very effective and durable. The natural color of the stone remains unchanged. The stone is allowed to breathe and retains its physical characteristics. The active agents which remain within the stone are absolutely harmless to health if the product has been correctly applied

Size	M.R.P.	Pcs per box
1 L	Rs. 6500	6

Stonebros® Protego ECO Oleophobic and Hydrophobic Sealer is used for water, grease and oil repellent treatment of mineral building material, e.g. natural and artificial stone (polished ground or rough surfaces of marble, lime stone, granite, sandstone, terrazzo, quartz, fine stoneware, concrete, cement tiles, unglazed ceramic tiles etc.).

The product is especially used in kitchens (coatings, countertops), bathrooms (wash tables, marble tiles), for tables, window sills, tile joints, facades (antigraffiti).

# PROTEGO

## Oleophobic & Hydrophobic Sealer

**PROTECTS  
FROM STAINS**

**SUITABLE FOR  
Granite, Italian and  
Indian Marbles**

Stonebros® Protego Oleophobic & Hydrophobic Sealer is a ready-to-use, weather resistant & non-yellowing impregnating sealer based on high-quality organic active substances that lasts for years. The product is absorbed by the stone due to the capillary forces, however, without closing the pores, therefore the product is very effective and durable. The natural color of the stone remains unchanged. The stone is allowed to breathe and retains its physical characteristics. The active agents which remain within the stone are absolutely harmless to health if the product has been correctly applied

1L	Rs. 6500	6

Application Area: Stonebros® Protego Oleophobic and Hydrophobic Sealer is used for water, grease and oil repellent treatment of mineral building material, e.g. natural and artificial stone (polished ground or rough surfaces of marble, lime stone, granite, sandstone, terrazzo, quartz, fine stoneware, concrete, cement tiles, unglazed ceramic tiles etc.).

# TRANSPARENT SHINER & SEALER

StoneBros® Transparent Shiner & Sealer is a silicon based wax which gives an excellent polish and a good water repellence that can be used on any kind of natural stone and marble. StoneBros® Transparent Shiner & Sealer forms a vapour permeable layer and the processed surfaces remain totally breathable.

The high-quality components of its formula provide a triple action on treated surfaces i.e. removing grease and smog, polishing with highlighting of colours / veins and waterproofing while providing superior resistance to stains like water, wine and oil.

StoneBros® Transparent Shiner & Sealer is a ready-to-use product. Should be applied on a dry surface with the help of a brush or roller: in any case take care to ensure an even application.

Preliminary tests shall determine the right quantity of the product to be used since that depends on the different material absorption. Once applied, allow it to dry for a few minutes, then wipe and buff it with a dry and clean cloth for the final results.

Size	M.R.P.	Pcs per box
1 L	Rs. 3200	12

# SHINER LIQUID WAX

*Enhances & Protects*

## Made From Highest Grade Waxes & Polymers

StoneBros® Shiner Liquid Wax is the best product when it comes to polishing stone surfaces. It is ideal for polishing floors, counter tops etc. You can use it on a variety of stones including marble, granite, terrazzo, engineered stone, cement etc.

StoneBros® Shiner Liquid Wax forms a protective layer on your stone to show their natural color and prevent damage from pollutants. It can be applied by hand and machine and it's fast drying feature enables you to complete the project within a short period of time. The best part of this product is that it will not affect the color of the stone after being waxed.

Size	M.R.P.	Pcs per box
100 ml	Rs. 600	50
1 L	Rs. 3800	12

**SUITABLE FOR ALL ITALIAN & INDIAN STONES**

# ***BACK COAT SEALER***

## ***Water-Based Stain & Water Mark Repellent For Stone***

Water-based sealer that forms an invisible water-repellent coating. Applied on marble, brick, limestone and mortar joints, it will seal the surface, reducing staining and water absorption. It will not change the color of the stone and ceramic tile.

StoneBros® Back Coat Sealer is a water-based film forming cum impregnator for protection of polished or rough marble, granite and natural stone from mortar stain as well as water marks. Compatible on humid or damp surface, therefore saving time during application process.

Size	M.R.P.	Pcs per box
5 L	Rs. 6090	2

# **WET PLUS**

## **Color Enhancing Sealer**

StoneBros® WET PLUS Color Enhancing Sealer is a color darkening, penetrating sealer that provides maximum color & stain protection on all types of marbles, travertines, stones, granites and agglomerates. It deepens the natural rich color of porous surfaces without altering the finish and penetrates deep to protect it from staining.

This solvent-based enhancing sealer is of professional grade strength, and is designed for use in interior and exterior applications.

WET PLUS is great for augmenting the look of a stone floor or reviving a worn surface and is also suitable to protect the surfaces against oil and water. StoneBros® WET PLUS penetrates in the micro-porosities of stones giving a permanent "wet" effect.

To be applied pure on completely dry and clean surfaces, using a paintbrush, cloth, sponge.

For best results, on most absorbent surfaces, apply wet on wet, making sure to apply enough amount so that the material naturally absorbs evenly. Denser material may require more time to penetrate.

**DO NOT ALLOW EXCESS SEALER TO DRY ON SURFACE.**

Size	M.R.P.	Pcs per box
1 L	Rs. 7500	12

**SUITABLE FOR  
Granite, Italian and  
Indian Marbles**

# MARBLE DENSIFIER & HARDENER 200

Size	M.R.P.	Pcs per box
5 L	Rs. 4998	2
10 L	Rs. 9998	1
20 L	Rs. 19998	1

**Increases Final  
Gloss Levels**

For the treatment of ground and polished absorbent marble, natural stone, lime stone, used for strengthening stone. The colour tone and the ability of the stone to breathe remain unaltered.

- Deepens clarity and heightens reflectivity (gloss)
- Penetrates and seals new and existing marble, natural stones terrazzo and concrete
- Improves chemical and water resistance Increases abrasion resistance
- Reduces alkalinity / efflorescence
- Extends the service life of the floor
- User friendly, non-yellowing
- Easy to use and maintain
- Environmentally friendly, water-based Interior/exterior use formula-VOC compliant
- For the treatment of polished absorbent marble and natural stone, e.g. marble, slate, lime stone, sandstone, granite or concrete ashlar.

**PROFESSIONAL FORMULA**

# MARBLE DENSIFIER & HARDENER 800

***Hardens  
the Marble  
and  
Seals The  
Stone***

*StoneBros® MARBLE DENSIFIER AND HARDENER 800 is an impregnating hardener that penetrates deep into the marble surfaces for sealing to provide protection against peaks and valleys.*

*It is an advanced penetrating silicate based treatment for marble, natural stone, terrazzo and polished concrete surfaces formulated specifically for surfaces which has been ground and polished upto 800 grits.*

*This environmentally friendly treatment also reduces alkalinity (efflorescence), improves overall abrasion resistance and reduces dusting. Its deep-penetrating, non-soluble characteristics provide longer life and higher reflectivity, helping reduce floor maintenance cost.*

*Used during the production (grinding and polishing) of marble, natural stone, concrete or terrazzo surfaces*

*StoneBros® MARBLE DENSIFIER AND HARDENER 800 is designed to enhance the process, making it easier to re profile as well as reduce costly wear and damage to diamond abrasives.*

*It is widely used in garages, construction sites and so on.*

*Resistant to weather, UV rays and high temperature Made with glue-free ingredients for low temperature sealing.*

20 L	Rs. 19998	1

# MARBLE DENSIFIER & HARDENER

## Hardens the Marble and Seals the Stone

When applied on surface, it penetrates deep into the stone where it reacts with free calcium to form insoluble calcium silica hydrate, which makes marble or stone more water, stain, and abrasion resistant for easier maintenance and longer life. It is suitable for marble, natural stones and concrete.

Size	M.R.P.	Pcs per box

### PROFESSIONAL FORMULA

# WHITENER & STAIN REMOVER

Size	M.R.P.	Pcs per box
350 ml	Rs. 1200	24
750 ml	Rs. 2500	15

StoneBros® WHITENER & STAIN REMOVER is a special blend of oxidizing agents & cleaners. Highly recommended to remove yellowish effect from marble & granite. Effectively removes food based stains like pan, tea, coffee etc.

**Water Based Cleaner  
that Removes Yellowish  
Stains from Stone**

# MOULDING SHINER

## Polishes & Shines Mouldings Effortlessly!

StoneBros® Moulding Shiner is a high quality shiner that is used to renew and polish stone edges and tough to polish areas like mouldings, skirting and other rough edges.

StoneBros® Moulding Shiner is a drying formula that cures to form a dry-to-touch high gloss film.

It is an extremely advanced coating that gives rich gloss and leaves a flawless even finish.

StoneBros® Moulding Shiner gives the gloss effortlessly, without the need to buff the surface, just apply a couple of layers on the moulding with the help of a clean, dry cotton cloth & let it cure for 8-12 hours.

Size	M.R.P.	Pcs per box
100 ml	Rs. 1000	50

**Suitable for All Italian & Indian Stones**

# SOLID WAX

## NATURAL STONE LIQUID WAX

Use StoneBros® Solid Wax to create a mirror-like shining on marble floors, granite counter tops etc. This polishing wax works best on marble, granite, terrazzo, engineered stone etc. Whether you need to polish new surface or need to restore the shining of old surface, this product delivers long lasting results.

You can simply apply this wax by using steel wool, cotton cloth, angle grinder, single disc machine, grinder etc. Its special composition fills and seals porosities in the material and covers small scratches.

Size	M.R.P.	Pcs per box
500 ml	Rs. 2750	18

# AQUA GLOSS

StoneBros® AQUA GLOSS is a water based liquid wax for natural stones and marbles.

It gives an excellent long lasting gloss. StoneBros® AQUA GLOSS can be applied manually or with a buffing machine. It is a trichloroethylene & harsh solvent free formulation. StoneBros® AQUA GLOSS Enhances & Protects in 1-Step.

Size	M.R.P.	Pcs per box
500 ml	Rs. 1500	24
1 L	Rs. 2800	15

**Water Based High Gloss Liquid Wax for Natural Stone**

# LIQUID SHINER

**BEFORE**

**AFTER**

StoneBros® LIQUID SHINER is exactly what you need to give your polished stone surfaces an ultra high gloss. StoneBros® LIQUID SHINER is excellent for final buffs to get a super-gloss finish. This wax is clear for use on light to medium dark stone. Just apply it lightly to the stone and allow it to dry to a haze then buff off with fine steel wool or a white fiber buff pad to get a super high gloss finish!

StoneBros® LIQUID SHINER produces a slight anti-stain and water repellent effect. Apply to marble, granite and similar types of stone.

StoneBros® LIQUID SHINER is an excellent product for the final buff on polished natural stone and is Suitable for indoor and outdoor use.

Size	M.R.P.	Pcs per box
1 L	Rs. 2000	15

# **BETA H**

## **HIGH GLOSS LIQUID CRYSTALLIZER**

*Crystallizes Top Layer  
of Marble to a More  
Glossy & Harder Finish*

*Prolongs  
Grinding Intervals*

*Used With Steel Wool  
Pad or White Pad*

*Provides Slip  
Resistant Gloss*

Size	M.R.P.	Pcs per box
5 L	Rs. 2975	2

**Intensifies the Stone and Gives a Wet Look**

# **CEMENT FILM REMOVER**

**Water Based Mildly Acidic Cleaner to  
Remove Concrete and Cement Film From  
Natural Stone & Granite**

**Not for  
use on  
polished  
surfaces**

StoneBros® CEMENT FILM REMOVER is a special acid based concentrated cleaner for removing cement and mortar residue, lime and calcium deposits, and heavy duty construction dirt from all acid tolerant natural and artificial stone, ceramic tiles, porcelain, brick, terracotta, clay tiled floors and rough concrete surfaces.

Size	M.R.P.	Pcs per box
500 ml	Rs. 518	18
1 L	Rs. 1036	15

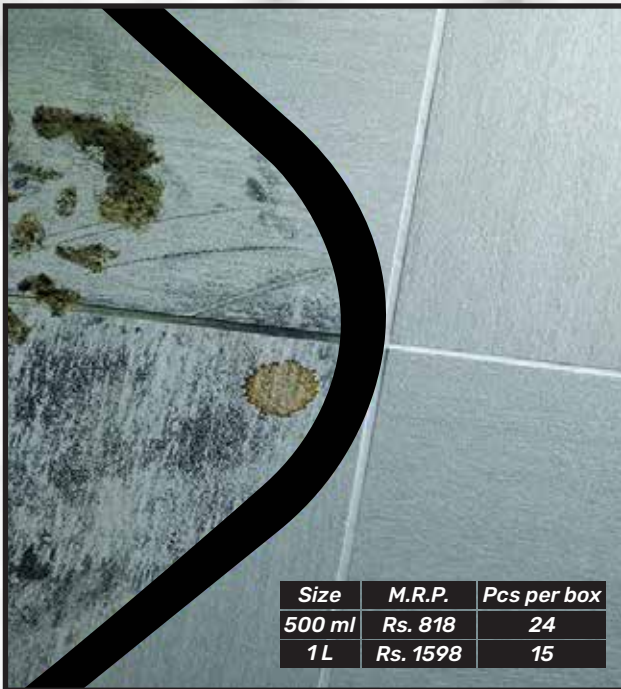

# EPOXY GROUT REMOVER

## Ready-to-Use Cleaner for Removing Epoxy Grout Residues and Stains of Epoxy Resins

A water-based detergent for post-installation cleaning. It removes epoxy based residues of grout and glue, no matter how old or stubborn they are. Suitable for use on all acid tolerant materials grouted with epoxy grout. For using this product on marble & natural stone it is recommended to carry out a patch test in advance, as it can etch the surface.

Size	M.R.P.	Pcs per box
500 ml	Rs. 818	24
1 L	Rs. 1598	15

# TILE CLEANER

## Heavy Duty Tile And Grout Cleaner

**QUICK ACTION, EFFECTIVE  
AND CONCENTRATED**

Size	M.R.P.	Pcs per box
500 ml	Rs. 250	24
1 L	Rs. 450	15

StoneBros® Tile Cleaner is formulated to restore ceramic tile and grout to its original look. This extremely effective formula is tough on old & new stains. Suitable for ceramic tiles, porcelain tiles, mosaic tiles & glazed tiles. Effective on soap scum, hard water deposits, cement build up, black grout, rust, grease, scale and dirt. StoneBros® Tile Cleaner requires minimum effort thus saving time and labor.

**• Low pH • Concentrated • Highly Effective**  
Removes the toughest and deepest embedded dirt

# TAP & TILE CLEANER

StoneBros® Tap & Tile Cleaner is a perfect combination of descaler, detergents, emulsifiers and solvents which helps in removing hard water, soap and salt water marks, oily, greasy soil and dirt stains from all surfaces. StoneBros® Tap & Tile Cleaner splits dust particles into various smaller micro parts, as a result, the process of cleaning becomes easy.

Size	M.R.P.	Pcs per box
300 ml	Rs. 350	24
1 L	Rs. 990	15

**Removes Tough  
Stains Effortlessly**

**LIMESCALE - SOAP SCUM - RUST - WATER MARKS**

# TILE CLEANER CEMENT PRO

Quickly removes cement deposits, rust marks, hard water marks, soap scum, grease, scuff marks dirt, grime & cleans grout from floor & wall tiles without affecting the texture or glaze of tiles.

**Specially Formulated for Quick Removal  
of Cement & Grout Deposits**

**REMOVES THE TOUGHEST AND  
DEEPEST EMBEDDED DIRT**

Size	M.R.P.	Pcs per box
1 L	Rs. 450	15

StoneBros® Tile Cleaner Cement Pro is formulated to restore ceramic tiles and grout to its original look and shine. It is specially formulated for quick removal of cement, P.O.P., mortar & grout deposits. This extremely effective formula is tough on old & new stains. StoneBros® Tile Cleaner Cement Pro brightens and removes dirt build up from tile & grout. Suitable for ceramic tiles, porcelain tiles, mosaic tiles & glazed tiles. Effective on soap scum, hard water deposits, cement build up, black grout, rust, grease, scale and dirt. StoneBros® Tile Cleaner Cement Pro requires minimum effort thus saving time and labor.

# HIGH FOAMING CLEANER & SHAMPOO

## pH Neutral Floor Cleaner

StoneBros® NEUTRAL FLOOR CLEANER is a scientifically blended, liquid detergent for cleaning floors and oily / greasy work areas. It contains anionic surfactants and detergents to enhance cleaning performance & shine of the floors. It is a pH neutral formulation.

HIGH FOAMING FLOOR SHAMPOO can be effectively used to clean floors in factories, workshops, hotels and restaurants, public areas, office blocks, toilets etc. It effectively removes oils, greases and dirt from heavily soiled areas in service stations and garages & leaves a pleasant fresh fragrance.

**Safe for Tiles,  
Marbles, Granite,  
Chips and  
All Floorings**

Size	M.R.P.	Pcs per box
1 L	Rs. 450	15

**Does Not Contain Acids,  
Abrasives or Bleaches**

# GRANITE CLEANER

**BEFORE**

**AFTER**

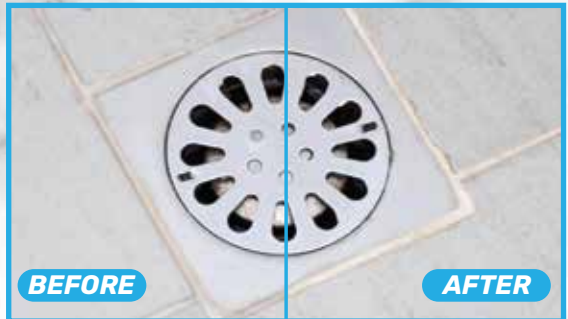

StoneBros® Granite Cleaner is a carefully formulated granite cleaner. This cleaner is safe to use on a daily basis and will not leave any residues that attracts dirt and dull the surface. This extremely effective formula is tough on old or new stains yet gentle on the user and the environment.

StoneBros® Granite Cleaner brightens and removes dirt build up from granite. The biodegradable and eco-friendly product will deliver better results than other competing products. Safe to use on all granite. StoneBros® Granite Cleaner requires minimum effort thus saving time & labor.

Size	M.R.P.	Pcs per box
1 L	Rs. 850	15
5 L	Rs. 4200	2

# EPOXY GROUT & FILM REMOVER

StoneBros® Epoxy Grout & Film Remover is a non-acidic cleaner designed for the removal of epoxy grout film from acid sensitive stone surfaces. It is a low-odor biodegradable product that is fast acting and cost effective.

Size	M.R.P.	Pcs per box
500 ml	Rs. 718	24

**Water Based Non-Acidic  
Cleaner to Remove Epoxy  
Grout From Stone / Tiles**

## RUST REMOVER

- **Non Acidic Rust Remover**
- **Changes Colour as it Cleans!**

**Water Based Non  
Acidic Cleaner to  
Remove Iron / Rust Stain**

Size	M.R.P.	Pcs per box
500 ml	Rs. 1025	24

# MOPPING SEALER

StoneBros® Mopping Sealer creates a water and dirt-repellent barrier each time it is applied, that allows the floor to stay cleaner for a longer duration as compared to other ordinary cleaners.

StoneBros® Mopping Sealer does not require rinsing or buffing. It reduces the costs of application as minimal labour is required. Mopping Sealer leaves a slip resistant glossy layer that allows the floor to breathe without choking the pores of the floor. Ideally, it should be used after floor has been polished or crystallized. It is a biodegradable, environment friendly product that cleans, polishes & seals in a single step.

Size	M.R.P.	Pcs per box
1 L	Rs. 1500	15
5 L	Rs. 7500	2

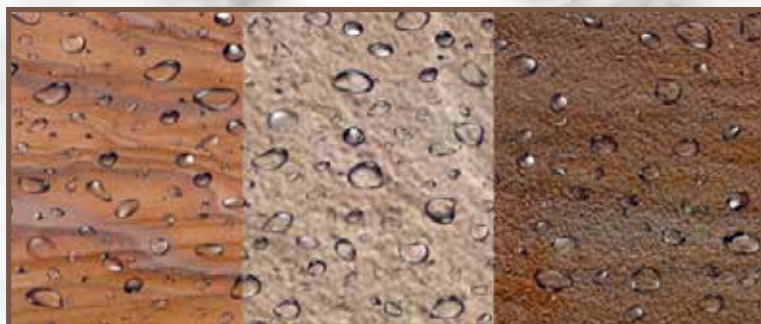

- Mopping Sealer is a daily cleaner & sealer for polished marble & terrazzo floors.
- Mopping Sealer leaves the floors waterproof with an enhanced glossy finish.
- Use daily for better results.

# SAND STONE SEALER

• Easy to Apply • Cost Effective • UV Resistant

StoneBros® Sand Stone Sealer is a scientifically blended transparent liquid which protect stones from moisture & general natural stains such as mud, mildew & various atmospheric changes. It provides protection to the stone for a long duration of time and its regular usage does not change the original colour and appearance of the stone. It does not form any type of film or plastic effect and allows vapours to escape easily and is UV resistant. Can be used on all types of sand stone, terracotta, natural stone and vertical surfaces.

Size	M.R.P.	Pcs per box
1 L	Rs. 1018	15
5 L	Rs. 4998	2

# HARD SURFACE CLEANER

StoneBros® Hard Surface Cleaner is a concentrated general purpose cleaner. This pleasantly scented product which does not contain any acids, abrasives or bleaches, is ideal for quick and gentle cleaning of all surfaces like shiny tile floors, polished marble, granite, terrazzo and all alkaline resistant surfaces.

StoneBros® Hard Surface Cleaner can be used in mopping bucket for daily cleaning as well.

Size	M.R.P.	Pcs per box
1 L	Rs. 450	15

- Leaves the Surface Hygienically Clean
- Quickly & Gently Remove Oily & Water-soluble Residues
- Regular Use Hinders Lime Scale Build-up
- Leaves a Pleasant Fragrance

# MARBLE CLEANER AND POLISH

**Quick Action, Concentrated & Highly Effective**

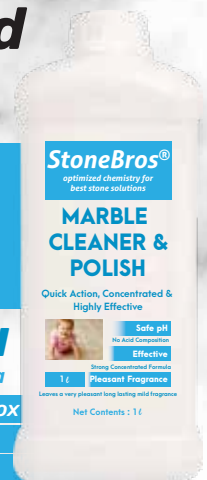

- Maintains the Original Shine of Marble
- Removes the Marble Yellowing & Dullness, Hard Water Marks, Soap Scum, Grease, Scuff Marks, Rust Stains, Dirt, Grime & Dust

StoneBros® Marble Cleaner in a single step restores the original shine and gloss of marble. StoneBros® Marble Cleaner brightens and removes dirt build up from marble and granite.

Use on marble, granite, tiles, ceramic, slate, terracotta and limestone.

**Safe pH**  
Non-acidic formula

Size	M.R.P.	Pcs per box
500 ml	Rs. 250	24
1 L	Rs. 450	15
