PRODUCT CATALOG

OUR STORY

- We at Arnigo® manufacture a comprehensive range of dishwasher products.
- It all started during lockdown period, it was a tough time and there was a shortage of everything. No house help was available and people started shifting to automatic dishwashers. The biggest problem was, that the dishwasher products were not available both imported and domestic ones.
- Mostly the dishwasher products available in India were imported, and only few products were imported from their complete product portfolio.
- We realized that it was our oppurtunity to contribute to make in India program, and provide our Indian consumer a better solution.
- Our vast experience of 25 years, our profound technical knowledge and our already developed infrastructure made it possible to achieve our goal.
- Though we still faced multiple challenges due to lockdown in its initial stages, like shortage of labour, complication in logistics, raw material availability and many more.
- But we were determined to provide our solution, and each problem was successfully overcome.
- We started selling on e-commerce platforms like amazon, flipkart etc. and got great response from the consumers.
- We never thought, in the starting only we would get such great response, but people appreciated our products so much and they still do and that is how our Arnigo® brand became a hit.
- When no other company had the capability of handling the pandemic situation, we at Arnigo® took the initiative, and now we are one of the best dishwashing companies competing with so many other big brands.
- We always had faith in ourselves, that's why we are able to gain our consumers trust.
- We are indian manufacturer, so we believe in delivering the best to our consumers at justified costs and will continue to do the same in the future as well.

Arnigo® Gold Dishwasher Tablets

Packing Size	M.R.P.	Pcs/Box
30 Tabs x 20 g	Rs. 650.00	18

PRODUCT DETAILS

Arnigo® Gold Dishwasher Tablets give you the ultimate cleaning action with a dazzling shine. Our superior phosphate-free formulation has the power to break down tough stains, cut through grease and deliver a boost of shine. Our powerful tabs give you an ultimate cleaning experience. It is an all in one product that has salt & rinse-aid built-in. No need to pre-wash the utensils. Contains powerful enzymes that give amazing results.

Why use Tablets? Premeasured dishwasher tablets take the hassle out of measuring and loading washing powder into machines, as these convenient powder-based tablets can simply be inserted into the compartment. Also, they can deliver greater cleaning performance, when removing stubborn stains.

Made with plant-based and mineral-based ingredients, our biodegradable phosphate-free formulation is safe for your dear ones.

Arnigo® Dishwasher Tablets

Packing Size	M.R.P.	Pcs/Box
30 Tab x 20 g	Rs. 600.00	18

PRODUCT DETAILS

Arnigo® Dishwasher Tablets cuts through even the toughest of grease and food stains for a deep cleaning action with a spot free dazzling shine. Built-in Salt and Rinse-Aid action. It scrubs away dried-on food and also removes tough stains like grease, tea, haldi etc. Arnigo® Dishwasher Tablets are formulated with POWER BOOSTER & ENZYMES to give your dishes a powerful clean. Arnigo® Tablets also remove burnt-on food, so there's no need to pre-wash! Our tablets use three cleaning agents that dissolve, lift, and rinse away food. It contains glass and corrosion protection agents that leaves an outstanding shine of glass and stainless steel surfaces.

Arnigo® Dishwasher Detergent

Packing Size	M.R.P.	Pcs/Box
1 kg	Rs. 390.00	15

PRODUCT DETAILS

Arnigo® Dishwasher Detergent is an extra-ordinary product made for automatic dishwashers, it has the power of multiple enzymes, shine boosters and anti-redeposition agents that soaks stubborn stains and cleans thoroughly. Our new and improved formula completely removes stains such as tea, coffee, dried-on (burnt) food, and greasy oils, leaving a spotless shine with zero detergent residue.

Arnigo® Detergent doesn't just clean your dishes, it also leaves your dishwasher in a new-like shape cycle after cycle. Arnigo® Detergent also deodorizes the dishwasher and leaves a pleasant fragrance of lemons giving a fresh and clean feel.

Arnigo® Dishwasher Salt

Packing Size	M.R.P.	Pcs/Box
1 kg	Rs. 140.00	15

PRODUCT DETAILS

Arnigo® Dishwasher Salt effectively softens your water to boost the cleaning performance of your detergent by preventing spots and watermarks on your dishes. Use of Dishwasher Salt protects your utensils and machine against limescale build-up which can cause lasting damage and shorten the life span of your appliance. Arnigo® Dishwasher Salt has a unique granular structure, that is specifically designed to provide the right: consistency and uniform action throughout the wash cycle. It is suitable for all types of automatic dishwashers of all brands and it is a 100% appliance and eco-friendly product.

Fill the salt compartment of the dishwasher as per the manufacturer's guidelines. For best results check the salt level regularly and keep the tank filled with Arnigo® Dishwasher Salt. It is specially recommended to use salt if you live in an area with hard water.

Arnigo® Dishwasher Rinse Aid

Packing Size	M.R.P.	Pcs/Box
425 ml	Rs. 270.00	15

PRODUCT DETAILS

Arnigo® Rinse Aid lowers the surface tension of water and helps in quick drying of water. It delivers superior film protection for virtually spot-free dishes. Arnigo®Rinse Aid fights wetness, spots and residue for a brilliant shine, delivering drier glasses and dishes for an unbeatable shine. Rinse Aid works in the rinse-cycle, to thoroughly clear away detergent and food residues. It works with your detergent to rinse away stubborn leftover food, spots and film for sparkling dishes, glasses and utensils. Arnigo® Rinse Aid is released during the final hot rinse cycle, it reduces the formation of water droplets on crockery and also ensures that the water dries away properly and evenly to prevent smears. Rinse Aid actively dries dishes for a brilliant shine, first time, every time.

For optimal results, use Arnigo® Rinse Aid with Arnigo® Dishwasher Salt & Arnigo® Dishwasher Detergent.

Arnigo® Appliance Cleaner & Descaler

Packing Size	M.R.P.	Pcs/Box
250 g	Rs. 650.00	15

PRODUCT DETAILS

Lime scale is deposited on various parts of appliances like water filter, heating element, pipes and the drums with every washing cycle. This deposit reduces the efficiency of the appliance and shortens its overall life span. Arnigo® Descaler fights to eliminate the lime scale deposited on the drum and other parts of the appliance, thus retaining and restoring the original condition of the appliance.

It is suitable for both Front Loading, Top Loading Washing Machines & Automatic Dishwashers.

It gives Superior Results, brings out the original shine, enhances the performance and improves the lifespan of the appliances.

It cleans the interior, removes foul odour and enhances the performance and cleaning quality of the dishwasher & washing machine.

Arnigo® Dishwasher Detergent Booster

Packing Size	M.R.P.	Pcs/Box
500 g	Rs. 650.00	18

PRODUCT DETAILS

Arnigo® Dishwasher Detergent Booster works with dishwasher detergent to remove the stains and film caused by hard water. It removes the spots and residues that can make your dishes look cloudy and streaky. Use it for cleaner dishes and crystal clear glassware. Limescale keeps on building in your dishwasher which prevents it from working at its desired efficiency. Arnigo® Detergent Booster removes built-up limescale in your machine and leaves behind soft and fresh lemon scent.

HOW TO USE? If your machine has a prewash chamber, then fill the prewash chamber with booster. In case there is no separate chamber, then pour two table spoons on the bottom of dishwasher. Place the mainwash detergent as usual and run the machine.
